GO FAIR International

GO FAIR @GOFairOfficial - Jan 16
It's a wrap! Thanks everyone for joining us these two last days here in Leiden! Safe travels back home! #INsGOFAIR19

VODAN- Africa

VODAN-Africa – for
Africa by African
partners

VODAN-Africa is made
up of health ministries,
universities
with government and
foundation support.

Groundbreaking
initiatives:

COVID-19 effects people
in clusters, requires data
for prevention, direction
of resources, evaluation
of approaches and
adjustments

Metadata for Machines
workshops

Train the Trainers (ToT) →
New skill-based
capacities: new data
steward workforce

FAIR data points →
Infrastructure for future
crisis

VODAN AFRICA PRESENTS

THE ROLE OF DATA DURING COVID-19

Join us for the final webinar of the VODAN Africa 3 - part webseries this Thursday to further explore the Role of Data in decision making, as it relates to the current COVID-19 crisis with focus on Tunisia and Zimbabwe, and learn more about the VODAN-Africa Project ToTs.

Presenters: Morgane Wirtz, Dr. Meriam Ghardallou & Prof. Hassen Boubakri - Tunisia
Dr. Albert Mulingwa - Zimbabwe
Dr. Erik Schultes - International Science Coordinator (GO FAIR)

We will also hear from our **Guest Speaker, Chair of the VODAN Africa Implementation Network Dr. Mohammed Mpezamihigo** on the VODAN Africa initiative now and beyond COVID-19.

MAY 21ST, 2020
9AM PDT - 10.30AM PDT

IN COLLABORATION WITH SAN DIEGO SUPERCOMPUTER CENTER
(SDSC)

Get Involved

Connect with GO FAIR US:

- [Google Group Email List](#). GO FAIR US's main communication channel. Sign up to receive periodic updates.
- [Slack Channel](#). Sign up to the GO FAIR US Slack to chat with community members.
- [Twitter](#). Follow GO FAIR US on Twitter, learn about what community members are doing, and get updates.
- Go FAIR US [News & Events](#). Stay up-to-date on news and events of interest to the Go FAIR US community.
- [GitHub Organization](#). Submit issues/pull requests to Go FAIR US resources on GitHub.
- [Contact](#). Send GO FAIR US general inquiries.

Deeper ways to engage:

- Join an [Implementation Network \(IN\)](#).
- Contribute to the [Three Point FAIRification Framework \(3PFF\) Handbook](#), which includes [Metadata for Machines](#), FAIR Implementation Profile (FIP), and FAIR Data Point (FDP).
- [Contact us](#) to present on your FAIR initiative to the GO FAIR community.
- Submit a guest [event and/or news blog post](#).
